The original **Beaux Arts** building being toured at our March IFMA meeting on the **UNI** campus was the original **East Gymnasium & Pool Complex**. The East Gymnasium was built in 1905 and the East Pool was added in 1939. The *new endeavor* was designed by **Herbert Lewis Kruse Blunck Architecture from Des Moines, IA**, who was recognized for their efforts in the *Iowa Architect magazine* late last year and in their new issue out this year. The **Innovative Teaching and Technology Center (ITTC)** at the **University of Northern Iowa** now is the home to eight departments with multi-use functions including: *Geography, Anthropology, Digital Technology, the Center for Enhancement of Teaching, the Center for Educational Technology, the Center for Academic Achievement, Academic Advising, and the Computer Consulting Center*. This sets next to the 1969 Maucker Student Union Building on campus. Pictures will follow w/reminders. Pretty spectacular.

Cost: Members: \$15.00, Non-Members: \$20.00

If you are interested in becoming a member and have not joined us at a previous meeting, it is our pleasure to cover your dinner cost for your first time.
