CFM Study/Review Classes

In order to get a plan set up for the CFM study and review classes for this coming year, we need to know who is interested in participating. Have you been thinking of taking the CFM exam? If so, please e-mail **Chapter CFM Chair Della McGrath** at dellamcgrath@qwest.net and let her know that you are interested in taking the exam and would like to participate in the study and review classes. When we know who all is interested, and where you are located within the Eastern Iowa Chapter geographically, we'll figure out how to put a class together. Last year we had a class that met once and sometimes twice a month and covered one competency at each session. We had four students, one of whom went ahead and took the CFM exam when we were finished---**Congratulations, Frank Rainbolt, CFM!**
